Thanks Letter

Dear Prof. Paola,

The Palestinian Ministry of Health would like to take this opportunity to convey its thanks to you and to all those who contributed their efforts to provide Tahreer hospital Neonatal Care Unit with a portable ultrasound. This significant support will certainly help the Ministry to offer better diagnostic services to neonates and thus to set relevant treatment plans.

We reiterate our words of appreciation and sincerely believe that this fruitful cooperation will continue in future for the benefit of Palestinian patients.

Sincerely,

Dr. Ashraf Abu Mahadi
Director General
International Cooperation Directorate
Ministry of Health
